Your free interview scorecard

The fastest way to make hiring fairer is to score every candidate against the same competencies, from evidence you can point to — instead of a gut feeling and a friendly chat. This free scorecard lets you try it on one candidate: rate eight competencies one-to-five and it computes a weighted score and a clear recommendation.

How to use the starter scorecard

- 1 Open Interview-Scorecard-Starter.xlsx in Excel, Google Sheets, or LibreOffice.
- 2 As you interview, note the evidence beside each competency, then rate it one-to-five.
- 3 Read the weighted score and the recommendation — then decide on the whole picture, never the number alone.

READY TO COMPARE A WHOLE SLATE?
