

AN ARDENT WORKSHOP PRODUCT

Free Reading Challenge Starter

List your stack, mark your finishes — free from Ardent Workshop.

[Start here](#)

Your free reading-challenge starter

Every reader has a to-be-read pile and a stack they actually finished. This free starter is a single tab to hold both: list the books on your radar, mark the ones you finish, and rate them out of five while the book is still loud in your head.

How to use it

- 1 Open Reading-Challenge-TBR-Starter.xlsx in Excel, Google Sheets, or LibreOffice.
- 2 List the books you mean to read; set each Status from the dropdown.
- 3 When you finish one, mark it Finished and rate it — the little summary keeps a running count.
- 4 Try the five sample challenge prompts at the bottom to nudge your reading a little wider.

READY FOR THE WHOLE READING YEAR?

This starter is one tab. The full Reading Challenge & TBR Tracker adds a prioritized TBR queue, a self-counting 30-prompt reading challenge, a 5x5 reading-bingo card, a rated Finished Books log, a shareable Wrap-Up dashboard, three PDF guides, and a one-click Google Sheets copy — one owned file for Excel, Google Sheets, and LibreOffice.
